

## Elias Demlie

I am a Computer Science student and junior Full-Stack Developer, passionate about transforming imagination into reality through code.

### SKILLS

#### Front-End

- ✓ React.js
- ✓ Next.js
- ✓ Tailwind CSS

#### Back-End

- ✓ Node.js
- ✓ RESTful APIs

#### Others Skills

- |            |              |
|------------|--------------|
| ✓ Mongo DB | ✓ Git        |
| ✓ MySQL    | ✓ Github     |
| ✓ Docker   | ✓ Typescript |

### LANGUAGES

- ✓ Amharic (Native)
- ✓ English (Good)

### OTHERS

- ✓ Python data structure & algorithm certificate
- ✓ Congestive skill training certificate

### SUMMARY

I am a Junior MERN Stack Developer with expertise in building dynamic and scalable web applications using JavaScript and frameworks like React.js and Node.js. I specialize in creating full-stack solutions that are user-friendly and performance-optimized. With a strong passion for backend development and API design, I am always eager to learn and adapt, and I am actively seeking a full-stack or backend-focused role to contribute to impactful projects.

### EXPERIENCES

#### Internship, Full Stack Developer Efuye Gela Technologies Summer 2024

- ✓ Developed an e-commerce platform utilizing React.js, node.js, MongoDB, and Tailwind CSS to create a seamless user experience.
- ✓ Managed both frontend and backend development, including building APIs, database design, and UI development.
- ✓ Overcame technical challenges related to integrating third-party services and optimizing performance by leveraging problem-solving skills.
- ✓ Collaborated effectively with a team to achieve project goals.
- ✓ Gained expertise in full-stack development while enhancing communication and teamwork skills for future collaborative projects.

### EDUCATION

*Bahir Dar University*  
*Expected Graduation: June 2025 (Expected)*

*Bachelor of Science in Computer Science*
